

Actaeon Publishing

We are proud to announce the publication of the Nemenhah Core Curriculum Educational Supplement Series, authored and presented by Chief Cloudpiler. These DVD presentations are designed to assist you in completing the Nemenhah Program NAC Core Curriculum for Medicine Men and Medicine Women.

The DVDs follow the progression logic presented in the Core Curriculum. In other words, supplements correspond to the Guide, Carrier and Shirt Tracks. In each of the DVD presentations, it will be as if you are with Cloudpiler, as he illuminates all the Core Curriculum through discussion in his home and in real-time seminars on the road as he visits the many Lodges and Communities of the Nemenhah.

Of all the items you choose to make up your Natural Healing Library, we are certain that you will agree with us when we say that this series of DVDs will be one of the most important to you and your studies. In this way, you will get personal mentoring from the Chief of the Band.

1) Introduction to the Medicine Wheel.

Cloudpiler invites you to sit with him in his home to discuss how the Medicine Wheel Principles provide a useful safety net for you in your Healing Ministry.

2) Introduction to the Bundle

Cloudpiler discusses the Sacred Bundle, using his own Bundle as an example, and then takes you to a Lodge Meeting where the Bundle is discussed.

3) Wyakin Lecture One

Cloudpiler discusses the first point of the Medicine Wheel in connection to the body and balancing the body's internal terrain.

Don't pass up this opportunity to participate personally with Cloudpiler as he teaches these important principles.
