Notes

Google Maps and MapQuest display 1875 Rd. as "1881 La Siesta Way," which is incorrect. The street sign will read "1875 Road" at the corner of 1875 Rd. and 752 Rd. at the top of the hill. Also, when approaching from Humansville (East), Google and other GPS navigators may suggest taking State Hwy. "AA" to 752 Rd. heading West to 1875 Rd. – this route is not recommended due to potentially poor road conditions (neither 752 Rd. nor 1875 Rd. are paved.)

Restrictions

- **COVID-19: do not travel when sick!** Many of our Pehli have suffered severely from the ongoing COVID-19 pandemic. To better safeguard the health of all visitors, and our Pehli Facilitators and Assistants, we ask that all travelers take a Rapid COVID Test (purchasable at any Pharmacy) a minimum of 12 Hours before beginning their trip. **Do NOT travel if the test shows positive.** Most Rapid COVID Test Kits contain two (2) tests per pack; please bring the second test with you, which we will ask you to take before you will be permitted to enter the Tuhhuhtsipi (Itsipi Sweat-lodge), which is an **instant vector** for **ALL TYPES** of respiratory viruses. Once on-site, in adherence to the tenets of "First Do No Harm," visitors whose Rapid COVID Test shows "positive" will be asked to maintain 6-foot minimum social distancing and wear masks or other protective mouth and nose coverings per CDC guidelines. These restrictions have been imposed by the **property owner**, so we ask all visitors to please respect these restrictions. Violators will be escorted off the premises.
- **Recreational Drugs/Alcohol:** there will be no recreational drugs, alcohol, or tobacco allowed on the premises for the duration of the event. While recreational use of Marijuana has not been legalized in the State of Missouri and will not be tolerated on-site, visitors with a **Medical Marijuana Card** are permitted to smoke/consume medically prescribed cannabis products in their vehicles or on the road outside the premises. Violators will be escorted off the premises and barred from any future participation.
- **Weapons:** Missouri State Law allows for the licensed/permitted carry of anti-personnel weapons in public areas (where not otherwise restricted by federal and/or local law enforcement.) However, Brynhaven Farm is **private property** and the open display, carry, or brandishing of said anti-personnel weapons is strictly prohibited by the **Property Owner**, who insists that all such weapons brought within the premises must be secured within a **locked vehicle at all times**. Violators will be escorted off the premises and barred from any future participation.
- **Conduct:** visitors will be expected to always exhibit utmost civil courtesy with full adherence to the Nemenhah Code as posted on the Nemenhah website for the duration of their visit. Violators will be escorted off the premises and barred from any future participation.
